DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This building is three bays wide and four stories high. Laid in Flemish bond. The first story has been considerably altered. Covered with tile, it is pierced by (from left to right) a glass door, a large, two piece sheet glass window, and a double glass door. Both doors have one piece transoms.

All windows of the upper stories are double hung 1/1 (except the middle bay of the fourth story, which is a six-light double casement), with sills (second story only) and lintels (fourth story only) of brick leaders. Wood panels appear between second and third and third and fourth story windows.

The moulded roof cornice is unbracketed or braced.
